## Work Experience

### JP Morgan Chase - Teller

December 2009 - Current

Processed transactions such as deposits, withdrawals, & payments for customers. I keep a cash box in balance on a daily basis.

### Sony Pictures Entertainment - Intern

March 2010 - August 2010

Created several motion graphic sequences, workflow outlines, menu books, and a desktop wallpaper used throughout the editorial department. Served as an assistant to the Digital Picture Editorial and Video Transfer executives. I worked with the Avid techs, online editors, layback, & captioning operators.

### Creative Management Entertainment Group - Video Editor

December 2009 - March 2010

Edited video reels showcasing the body of work done by on air personalities. Editing was done with a very quick turn around, requiring swift cutting, and skilled troubleshooting.

### Apple - Mac Specialist / GYO Genius

June 2007 - January 2009

Sold computers / provided technical support in an Apple Retail store. On a regular basis I answered questions regarding all facets of personal computing. From time to time I also trained customers on the Final Cut Suite as part of the One to One personal training at Apple Stores.

## Education

### California State University Northridge - Northridge, CA

Fall 2006 - Summer 2010

Bachelor of Arts in Film Production

### Granite Bay High School - Granite Bay, CA

Fall 2002 - Spring 2006

4-year High School General Education Diploma

### New York Film Academy - Universal City, CA

Summer 2005

4-week 16mm Film Program at Universal Studios

## Production Experience

**Onigari** - 2010 CSUN Senior Film (16mm) - Editor, Post Production Supervisor

**Evacua** - 2009 CSUN Senior Film (RED) - Behind the Scenes Video (EPK)

**Sounds of Silence** - 2008 CSUN Senior Film (16mm) - Assistant to the Sound Department

**Dogumentary** - 2007 CSUN Senior Film (XL2) - Graphic Artist

**Urban Debris** - 2006 CSUN Senior Film (16mm) - Behind the Scenes Video

## Technical Experience

Avid Media Composer, Final Cut Pro, DVD Studio Pro, Compressor, Apple Motion, Adobe Photoshop, Live-to-tape production, some Objective-C iPhone programming, HTML, & CSS.
